

Solid State Relay

Description	Dimensions (W x H x D)	Specifications
Solid state relay Part no.: TXSS.001	45 x 31 x 58 mm	Control voltage: 3-32V DC Operating voltage: max. 480V AC Maximum load current: 16A
Solid state relay with socket for DIN rail mounting Part no.: TXSS.010	45 x 44 x 82 mm	Control voltage: 3-32V DC Operating voltage: max. 480V AC Maximum load current: 16A
Solid state relay with cooling unit and socket for DIN rail mounting Part no.: TXSS.002	50 x 91 x 59 mm	Control voltage: 3-32V DC Operating voltage: max. 480V AC Maximum load current: 32A
Solid state relay 3-phase with cooling unit and socket for DIN rail mounting Part no.: TXSS.003	106 x 140 x 74 mm	Control voltage: 3-32V DC Operating voltage: max. 530V 3~ AC Maximum load current: 3x32A
